

In the face of rapidly changing reading habits what does the future hold for printed books?

Will they still be around in ten years?

And if so, how might they be made?

Please join the Book Industry Environmental Council in the first of our Lunch & Learn series of one-hour webinars. Neil Everett of PREPS/Carnstone's Book Chain Project will discuss the project's recently released report, "The Future of the Printed Book," on Wednesday, June 14, at 11:00 AM EDT.

All are invited, no pre-registration necessary. Please pass this invitation on to interested colleagues.
